Serving Tenants Through Leadership, Advocacy, and Accountability

Date: September 15, 2025

Dear Colleagues, Partners, and Community Members,

ATTENTION ALL: WE'VE BEEN HACKED!

Our accounts were recently compromised without our authorization. Any unusual or inappropriate messages or postings during this period did not come from us and should be disregarded.

We are actively: restoring full security to our accounts; strengthening all digital protections, including passwords and verification systems; and pursuing all available legal remedies to address harassment from identified threats.

We are busy confirming the source of this breach through law enforcement, and note that it coincidentally occurred directly after our favorable court outcome in a long-standing building dispute.

Thank you for your understanding and continued support as we move forward together. While these attacks may be intended to unsettle, they truly reflect more on the sadness of the perpetrators themselves. I take comfort in the thought that "they don't bully a nobody," and I hold to the belief that happiness is NOT the destination, happiness IS the path.

☐ Please also note: A General Tenant Association Meeting will be held with further updates on September 23rd at 3:00 PM in the Community Room. A meal will be served for participants, and translators will be present!

Sincerely,

Margaret Mary McNulty

President, 1760 Bush Street Tenant Association
